# Sliding Door Back Bar

Model: **GBB-49GSD / GBB-61GSD / GBB-73GSD**

## Description

The Glacier sliding door back bar refrigerator is designed to chill and organize beer, soda, juice, and drink mixes in a convenient space-saving cabinet.

Featuring double pane tempered glass on the two doors to help block UV light and safely keep all types of drinks ready to serve. Constructed of commercial-grade body panels in a black textured finish to fit all decors and serving spaces. Precision digital temperature controls allow pinpoint accuracy with temperatures from 33-38°F. Includes either 4 or 6 adjustable and removable wire shelves depending on model.
